

Pravara Rural Education Society's
Arts, Commerce, Science and Computer Science College, AshviKd.

TalukaSangamner, District Ahmednagar

PERSPECTIVE PLAN

(2019-20to 2024-25)

VISION:

“Providing quality education in emerging fields to produce knowledgeable and cultured human resource, contributing to the process of national development”

MISSION:

1. Upliftment of rural masses through appropriate education
2. To empower the socially, economically and educationally marginalized sections of the rural society of the region
3. To augment a new generation of students for contributing to the future knowledge economy

GOALS AND OBJECTIVES:

1. Provide educational avenues to needy and economically weaker classes
2. Achieve socio-economic and cultural transformation through education
3. Promote education for women in rural area
4. Inculcate value-based education among the youth
5. Achieve academic excellence

In addition to the activities that the institute carries out to fulfil its mission, the following goals have been recognized to be given special attention in the perspective plan:

1. Strengthen the student support and progression system through learner centric activities
2. Widen educational areas
3. Widen eco-friendly activities by organizing various awareness program
4. Strengthen research and placement activities
5. Quest for the excellence
6. Increase the alumni interactions for exposure to creativity of students
7. Optimum use of infrastructural facilities
8. Widen the funding base
9. Enhancement of the student experience
10. Develop a Cleaner And Greener Campus

1. Strengthen the student support and progression system through learner centric activities

Inculcation of various values such as thinking abilities, experimentation, innovations, hard work, communications, and self-analysis are the main areas of learning processes. These values must be get enhanced through events occurring in the class and campus by teaching learning processes is the main goal.

Action Points

- Increase the students active involvement in academic activities
- Strengthen curricular, co-curricular and extra-curricular activities

Targets

- Establish the ICT enabled competitive examination centre
- Upgrade the training, placement and skill oriented coaching
- Strengthen/ increase the sport activities and health awareness among students

2. Widen Educational Areas

Arts, Commerce, Science and Computer Science College, Ashvi kd was established in 2001. The institute is affiliated to the Savitribai Phule Pune University, Pune. The aim of institute is to provide higher education to the rural masses. It explores some specialized programmes to address the needs of the local area. Today, the institution has UG courses in Arts, Science and Commerce streams.

Action Points

- Initiate new academic programmes at UG level.
- Start new PG programmes.
- Launch/ upgrade career, skill oriented and vocational courses.

Targets

- Initiate new UG programmes viz. Mathematics, B.Sc. Botany, B.Sc. Zoology etc.
- Initiate new PG programmes in Chemistry and Commerce.

3. Widen eco-friendly activities by organizing various awareness program

Efforts will be made to conduct the activities which will be helpful to enrich the environment. Conduction of eco-friendly activities is the necessity of the hour. The institution has always encouraged such activities.

Action Points

- Student's participation and training program to make aware about energy conservation using various on campus energy modules.
- Resources conservation using green audit techniques.

- Intensification/ proliferation of the use of non-renewable energy sources.

Targets

- Flourish the rain water harvesting system in the college.
- Upsurge the use of solar energy on the campus.
- Increase use of low power consuming devices viz LED, Solar appliances.
- Activities to minimise vehicle pollution

4. Strengthen research and placement activities for student

Faculty shows keen interest and has motivated students by organizing the research activities. As the institution runs variety of courses in different disciplines, there is an enriched and favourable environment for the conduction of interdisciplinary research. Faculty is always encouraged to select the thirist areas for the conduction of research by considering the local and urban requirements. This background will strengthen the research activities in the institution deeply.

Action Points

- Advancement of the culture of research in the campus.
- Establish healthy coordination among the departments for boosting the interdisciplinary research.

Targets

- Attempting for increase in the number of major and minor research projects
- Organize National and State level, conferences, seminars, symposiums and workshops.
- Increase number of research publications by faculty with good impact factors and citations.
- Organize lectures of emeriti’s faculties on the topics related to research in different areas to strengthen the research culture

Students placement activity is one of the key activities useful in recognizing the quality of every educational institution. As the institution is located in the rural area where there are meagre/ inadequate opportunities of employment, arrangement of campus interview has a vital importance. The outgoing students are provided an opportunity to appear for the campus interview will help the students to get recruited at better places.

Action Points

- Establishment of professional relations with industries, factories and firms.
- Strengthen and extend the contacts with various recruiters.
- Strengthen the placement activity

Targets

- Organizations of campus interview for the interested and outgoing students.

- Organizations of expert lectures, workshops, seminar, and hands on training, alumni interactions for on and off campus opportunities.
- Soft skill training will be made mandatory to all final year students
- Alumni will be motivated to react with the students

5. Quest for the excellence

Arts, Commerce, Science and Computer Science College, Ashvikd. has developed notably with 700 plus student strength. The intricacy of its activities has increased considerably. The organizational load of the staff and faculty for conducting curricular, co-curricular and extracurricular activities, purchasing of items, organizing seminars, conferences and workshops as well as conduction of examinations is noteworthy. The institution will avail adequate qualified faculty and online system for the accomplishment of excellence.

Action Points

- Simplification of processes by adopting user friendly online systems.
- Continue the process of recruitment of qualified faculty in the institution.
- Conduct various training programs for faculty and students.

Targets

- Implementation of online admission system.
- Central library up gradation as a knowledge resource centre.
- Recruitment of teaching and non-teaching faculty.
- Conduction of faculty development programmes.

6. Increase the alumni interactions for exposure to creativity of students

As a key stakeholder, alumni play an important role in the development of any educational institution. Effective communications and interactions with the alumni can exchange innovative ideas useful for the development of the institute. Their bright and smart achievements have been a basis of satisfaction for the institute and students. Alumni of the institution have ominously/ sufficiently contributed in the society.

Action Points

- Create a strong alumni data base to build a strong relationship with alumni.
- Enhance the interactions between alumni and management, alumni and faculty, alumni and students also for core curriculum improvement. Also, in raising funds and for availing the alumni support in the process of the students quality and better placement.

- Encompass alumni in sharing their enriched experiences.

Targets

- Arrange alumni official visit to the campus.
- Organizations of at least one alumnus meet peryear.

7. Optimum use of infrastructural facilities

Effective and optimum uses of available infrastructural facilities are helpful to accelerate capabilities and skills in human resources. The institute focuses for development of these skills by providing adequate facilities. Timely need of its up gradation and reasonable efforts will be made in this direction.

Action Points

- Enhance the laboratories and knowledge resource centre of the college.
- Provide adequate health and hygienic facilities for the girl students.

Targets

- Selection and purchase of quality laboratory instruments.
- Purchase of recent and novel publications in the library.
- Provide the hygienic drinking water to the students and faculty in campus.

8. Widen the Funding Base

Over the years, the institution has grown up significantly. Various activities being conducted in the institution requires a strong financial support. Growing strength of the students in the college and initiation of new courses needs an expansion of existing infrastructural facility and advancement of the equipment. In this view, the institute is and will be searching for the sources of funding from different agencies.

Action Points

- Approach to funding agencies for the development of infrastructure
- Improve financial management of the institution.
- Increase internal revenue and funding through donations.

Targets

- Proposal submission to various funding agencies
- Effective and optimum use of financial resources
- Alumni will be asked for donations.
- Apply to various agencies for funding under minor &/ major research projects.

- Apply for getting funds to expansion of the infrastructure in the institute.

9. Enhancement of Students Experience

The institution tracks various basic and professional courses. If the students are provided with live experience in their respective subjects, it would help them to understand the contents thoroughly. In this regard, an opportunity of getting hands on experience will be provided to the students. In addition, this approach will boost the students' confidence and it will also help them to face the new challenges of the real world with increased self-reliance.

Action Points

- Provide enriched academic and industrial experience to the students.
- Students will be given an opportunity to go for ground truth verification.
- An opportunity of getting real life experience will be provided to the students.
- Incubation centre will be helpful for them for journey from spark to product.

Targets

- Industrial and field visits will be arranged for students.
- Educational and study tours of students will be organized.
- Students will be assigned mini research projects and internship programmes.
- Faculty and students will be deputed for summer and winter training programs.
- Ask students to undertake innovative project

10. Develop A Cleaner And Greener Campus

The campus development and construction committee looks after the maintenance of this green and shriven campus. A spacious well equipped lush green campus with strong students supporting infrastructure is the most distinctive characteristics of our institution. The institute is loyal to develop a model clean and green campus.

Action Points

- Increase the student's involvement in planning and maintenance of campus.
- Monitor the superiority of campus.
- Eco friendly activities

Targets

- Tree plantation, cultivation and care campaign.
- Estate cleanliness drive.
- Setting up of CCTV for systematic vigilance.
- Minimise vehicle pollution
