NSS

National Service Scheme

Introduction History of NSS: National Service Scheme (under the Ministry of Youth Affairs and Sports, Government of India and NSS cell, Higher and technical education, Govt of Maharashtra) has been introduced at Arts, Commerce, Science & Computer Science College, Ashvi Kd. Since 2003, as a part of the academic program.

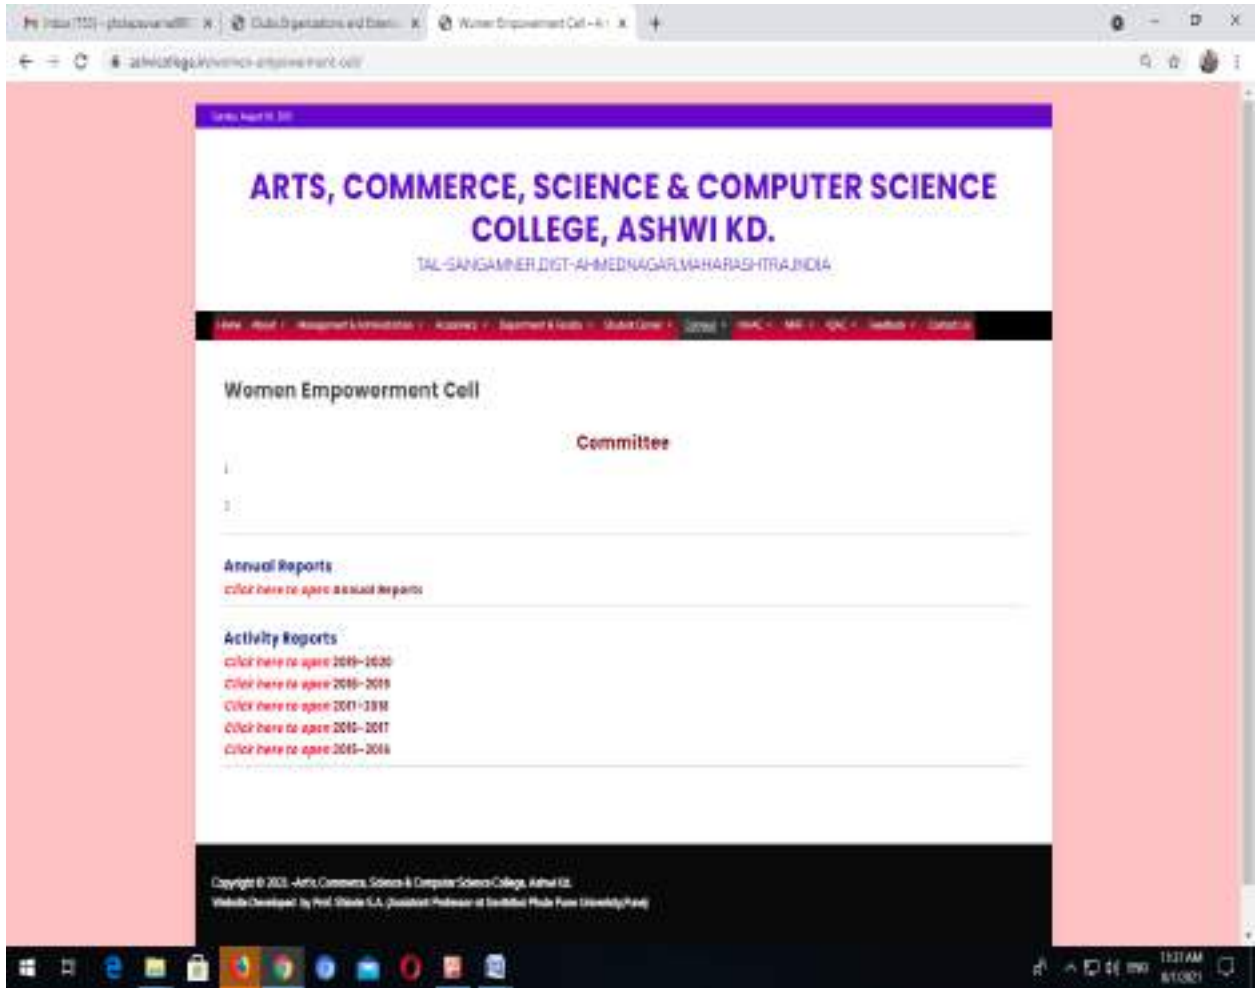

National Service Scheme (NSS) has been playing a vital role in enriching the souls and minds of the students of the College since its inception. The overall objective of the scheme is 'Education and Service' to the community and by the community. It is a programme for students to fulfil the needs of the community, when required. It also helps the students to communicate with the society. The students joining this scheme develop many behavioural, interactive skills. They visit the rural areas as volunteers during the camps organised by the concerned college. The NSS volunteers take initiative in developing a Technocratic Government and also help the underprivileged people to develop themselves. The scheme promotes the ability to present them in a better way. Thus the ultimate goal of the scheme is to strive to inculcate the bond of patriotism, national integration, brotherhood, communal harmony among the volunteers.

After independence the University Grants Commission, headed by 'S. Radhakrishnan', recommended the introduction of voluntary national service in academic institutions. The idea was again considered by the Central Advisory Board of Education (CABE) at its meeting in January, 1962 after examining the idea and the experiences of other countries in this field, the board recommended that students and teachers should devote time to voluntary manual work. In the draft First Year Plan adopted by the government in 1962, the need for social and labour service by Indian students for one year was stressed. In 1966 Jawaharlal Nehru in a letter to the chief ministers, considered the idea of social service as a prerequisite for graduation. He directed the Ministry of Education to formulate a suitable scheme for the introduction of national service into academic institutions. In May 1968 a conference of student representatives (of universities and institutions of higher education) convened by the Ministry of Education and the University Grants Commission also unanimously agreed that a national service scheme would be an instrument for national integration. The details were soon worked out and orientation camp was organised at Raigad. This camp was concluded on 7 June 1969. On August 1969 the Government of India was declared 'Red volunteer'. The Planning Commission sanctioned an outlay of ₹5 crores for the NSS during the Fourth Five Year Plan, stipulating that the NSS be a pilot project in selected institutions and universities. On 24 September 1969.

The then Union Education Minister V.K. Rajwade, has launched the NSS at 37 universities of India. The scheme has been extended to all states and universities in the country, and also to level
