Report

Competition exams are considered to be the highway to a bright future. The Competitive Examination and Guidance Center was set up in the College of Arts, Commerce, Science and Computer Science with the objective of enabling a large number of students to face the competitive examinations with a positive attitude towards the examinations under the Guidance of IQAC.

Preference was given to the students of Arts, Commerce and Science who are in the third year for the competitive examination and guidance center. Then the first year and the second year students were considered. The admission capacity of this guidance centre was fixed at 75 students. Taking into account the daily study of this admitted student as well as the practical work of the student in the science branch, the time was chosen for the competitive examination guidance class from Friday to Saturday from 12:40 to 01:30. So as not to cause academic loss to the student. And during this time the student's entire attention will be on the competition exam guidance class.

Planning of guest lectures as required. As well as lectures of person in the administrative service. A separate department was set up to guide the students for various competitive examinations conducted from time to time. In order to be proud of the fact that the admitted students have passed the final test, the students who have passed the examination will be given certificates and honours will be given by the honourable person.
